The first survey of hop acreage in 2024 was recently completed. The significant decline in acreage in the USA is noteworthy.

On the left you will find a comparison of acreage from 2021 to 2024 for the world's most important hop growing regions.

You can find the current status reports on our homepage [www.hopsteiner.com](http://www.hopsteiner.com).

We will keep you informed about further developments.
